

Glendelle Retirement Living

Glendelle Retirement Living, based in Toronto, Ontario Canada, is a Seniors Housing Management Company responsible for the management of luxury Retirement Living properties across Canada. Our living options include full service Independent Living, Assisted Living and on-site Personal Care. We offer an industry leading service model and state of the art buildings that exemplify high end design and leading edge technologies. Each property managed by Glendelle is fully compliant with the provincial and municipal regulations required in each jurisdiction that we operate in.

AODA Background

What is accessibility? It simply means giving people of all abilities opportunities to participate fully in everyday life.

The government enacted the Accessibility for Ontarians with Disabilities Act (AODA) in 2005, which set out a clear goal and timeframe to make Ontario accessible by 2025. The Act lays the framework for the development of province-wide mandatory standards on accessibility in all areas of daily life.

Aim & Objectives

Our accessibility plan will assist Glendelle in meeting the requirements under the AODA. Our plan outlines the requirements of the AODA and Glendelle plan to remove the barriers for people with disabilities.

Commitment to Accessibility Planning

In keeping with our values we provide an enviable level of quality, service and value when serving all customers including people with disabilities. Glendelle will accommodate such individuals through our commitment to our accessibility planning.

The Accessibility Committee

The committee will provide overall direction to ensure that all requirements of the AODA are fulfilled. The committee establishes an accessibility plan with timelines and deliverables.

The Committee is chaired by the Director of Marketing and Sales. Committee membership includes;

- V.P. of Operations
- Director of Human Resources
- Project Manager, Real Estate Development
- Director of Operations
- Site Executive Directors
